PROFILE

An aspiring built environment student motivated to pursue chartered RTPI membership within a multidisciplinary planning context. Strong working understanding of the UK's devolved planning systems, local authority processes and planning legislation. A diligent and proactive learner with experience collaborating across policy, development management and infrastructure-related workstreams. Particularly interested in, sustainable housing delivery and retrofitting and protecting the historic built environment. Currently studying an MSc in Housing and City Planning at University College London (UCL). Graduated with a 2:1 in BSc Urban Planning and Development (Sandwich Year) from Cardiff University.

KEY SKILLS

Decision Making:

- Assessing 140 planning application at CEC through delegated planning decisions. It required me understand and interpret policy for a range of development types through the help of more experienced team members.
- My time at CEC also included applying existing and incoming retail and environmental policy for internal consultation requests from other planning officers.

Effective Collaboration:

- Co-coordinator in delivering the 2024 Edinburgh Planning Committee Sustainability and Heritage Tour. The event allowed me to develop Planning Committees relationship with development architects Bennetts Associates, The University of Edinburgh Estates Department, and Montague Evans.

Research & Analytical:

- For my report at Anyang Zhongshen Real Estate Cold calling venue teams to gather rental data and in person site visits with colleagues to identify unique venue traits.

Teamwork & Leadership:

- Conducting qualitative and quantitative research with other students to investigate mobility and commuting methods in Cardiff. Ensured we followed personal deadlines and continuous improvement among teammates.
- Preparing session and continuously supporting new colleagues to use planning software such as IDOX.

Planning and Organising:

- Over the course of a year at CEC I independently tracked appeals from the DPEA and Local Review Body to identify trends in policy interpretation and unique decisions. Information was systematically organised and summarised. Key findings were presented at quarterly policy working group meetings with planning officers, ensuring information was up to date and relevant for internal policy discussions.

Computer Literate:

- Competent in using Microsoft Office applications, SketchUp, Digi Maps, Uniform and IDOX case management software.

OTHER WORK EXPERIENCE

Ambassador, School of Geography & Planning Cardiff University – Cardiff, UK **06/2025 – 06/2025**

- **Student Ambassador:** Meeting prospective geography and planning students during Cardiff University open days. Assisting with Q&As by providing personal reflections on the undergraduate degree and placement year.
